

Bonopty[®]

Bone Biopsy System, 14 gauge

Optimize tactility and efficiency during your procedures with the entire range of Bonopty[®] products

Precise
Accurate
Reliable

AprioMed

Bonopty® Bone Biopsy System, 14 gauge

- Gain access into the bone, even through thick cortical bone.
- Facilitate multiple sampling, or treatment of lesions.
- Achieve excellent core samples with few crush artifacts.
- Successfully sample somewhat sclerotic lesions.

Using Bonopty® Extended Drill you may pass or sample sclerotic lesions deeper in the bone and also do trans-osseous biopsies.

AprioMed provides tools that enable physicians to optimize precision and control during the most challenging procedures. For more information about AprioMed's Interventional Radiology products please visit www.apriomed.com
